Pastor and Leader

It's never happened before.

Society goes through cycles. These are a progression from birth to collapse. As society declines into the final phase of the cycle, society always begins to accept these: homosexuality, abortion/infanticide and euthanasia. Once I asked a Christian university student, a history major, "Has there ever been a time when the cycle was reversed?" He said it's common knowledge, recorded history has never seen a society in the last phase of the cycle, like we are now, reverse to a healthy phase.

But. I want to say, **'It has never happened before, until now.'** I think it's possible & God has a plan. And, if it can happen in the Northern Tier, it can happen in any community!

Transportation technology has created a new mission field among us. It is virtually VIRGIN TERRITORY. It is all around us, but our paradigms prevent us from seeing it very well. Not any more. Now is the time. And, the pastors and Christian leaders in this community are the key to taking the Good News of the Kingdom to the mission field of common society.

Like going into any mission field... God has to make the way. And, when people arrive, they need to know how to get the work done.

Pastor and leaders, I want to meet with you and tell you about Johnny and my discoveries. My gift is administration. In front of us we have probably the greatest opportunity for the Kingdom of God since the pilgrims arrived in America. Let's not let this opportunity pass by.

In order to take this opportunity, we need a plan.

- The plan needs to be SIMPLE. Complex won't work. The Good News of the Kingdom is simple.
- It has to be CONCRETE and ACTIONABLE. Much of what I hear today is mostly words... it's so ephemeral, it's like people are to just 'say it' and it will happen, or worse, expecting God to do the work He has assigned to us.
- It needs to include FEEDBACK. Can you imagine a mission board that sent missionaries out to the field and then didn't get feedback? Would that HELP or HURT?
- The plan needs to be COMPLETE. Addressing only PART of the problems society faces will not address the downhill slide of society.
- The plan needs to recognize our unity and our diversity. Our unity encompasses the things that are for all people, for all times and for all places. Our diversity is the unique calls and expressions that are part of all of our lives.

Do you already have such a plan? Most don't. I do. My gift is administration, this is the art and skill of getting things done. I want to pass on to you what I know. These are not my 'ideas', these thoughts are a look at the opportunity before us. As I've shared the plan with dozens of people, the most

common response is: "Let's go!" Johnny and I have been invited to Dallas and Buffalo to implement the plan. But, Johnny & I think that the Northern Tier of Pennsylvania has an unprecedented opportunity. We think the Northern Tier should be the birthplace.

We want to meet with you to show you what we see. Please give my assistant, Shelley, a call to schedule a time to meet. Shelley's cell number is: 570-662-0386

God's got this. Do we have FAITH that 'He provides EVERYTHING we need for life and godliness'? Do we have faith when we pray, "Your Kingdom come, your will be done, on earth as it is in heaven?" He wants us to experience and express His power.. God changes the course of history and nations. He uses us to do it. Let's be able to say: **Society has never stopped its decline, until now.**

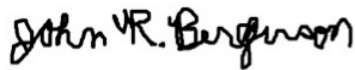

Sincerely in Christ,

Juanita Berguson

P.S. And, please put on your calendar: June 30, 2024. Johnny and I are hosting an incredible gathering for the church across the Northern Tier.

Who should come: Everyone who is sick of where society is heading and who want to be part of God's plan for a solution.

June 30, 6:00, at the Kingdom Building, 719 Lambs Creek Road, Mansfield, PA. Light meal provided. This is ticketed due to limited seating. Get your free tickets at [ChurchGathered.com](http://ChurchGathered.com) today
